Why choose Build 360 Infra ?

At BUILD360 INFRA, we take pride in our cutting-edge manufacturing facilities that deliver consistent quality and efficiency.

we deliver high-quality, durable concrete blocks made from premium materials, tailored to your size needs, with reliable on-time delivery.

What are Concrete Blocks?

Concrete blocks are eco-friendly, strong, and easy-to-use building materials made from cement, aggregates, and water. They offer great insulation and reduce structural load, making them ideal for modern construction.

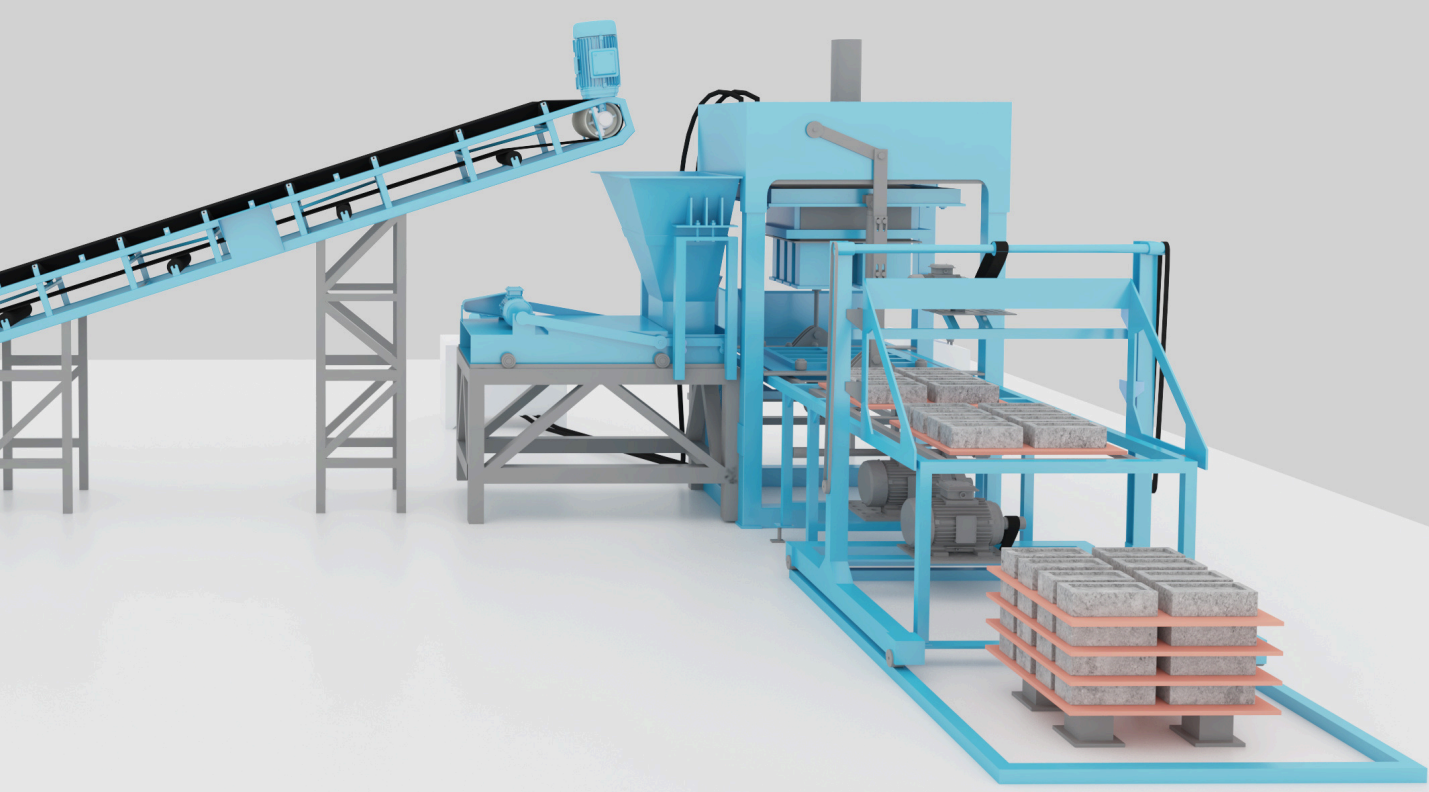

Key Features:

- Easy to handle
- Superior thermal and sound insulation
- Low water absorption and eco-friendly
- High fire resistance (up to 4 hours)
- Cost-effective and adaptable to various building types

Applications:

- External, Internal & Partition walls in Residential & Commercial Buildings
- Boundary walls and Pre-Fab Structures
- Industrial construction
- High rise and low rise buildings
- Sound proof rooms and thermally insulated spaces

Manufactured with **state-of-the-art Automatic Vibro-Pressing Machines** and a fully automated batching plant, ensuring maximum strength, precise dimensions, and consistent quality

Technical Specification:

Parameter	Value	Units
Brick Size	400 x 200 x 100 300 x 200 x 150 300 x 200 x 200	in mm
Brick Size	16 x 8 x 4 12 x 8 x 6 12 x 8 x 8	in Inches
Size Tolerance	+/- 3mm	in mm
Compressive Strength	50-75	kg/cm2
Water Absorption	<10%	%
Fire Resistance	4 Hrs	in Hours
Dry Shrinkage	0.1%	%

Thank you!

Thank you for your interest in BUILD360 INFRA.

We provide high-quality, sustainable Solid Concrete Blocks, backed by technical expertise and reliable service.

Whether your project is residential, commercial, or industrial, we're here to deliver durable solutions on time, helping you build with confidence.

We look forward to supporting your next project.

Warm regards,
Team BUILD360 INFRA
